

## **Instruction – Series 2000**

### **Equivalency Credit for Career & Technical Ed. -- 2413**

Each high school shall adopt core academic course equivalencies for high school career and technical courses, provided that the career and technical course has been reviewed and approved for equivalency credit by a District team appointed by the Superintendent or a designee.

The District team shall include a school administrator, the career and technical administrator, an instructor from the core academic subject area, an instructor from the appropriate career and technical course, a school counselor and a representative from the curriculum department.

Career and technical courses approved for equivalency must meet the following criteria:

- A. Align with the state’s essential academic learning requirements and grade level expectations; and
- B. Align with current industry standards, as evidenced in the curriculum frameworks. The local career and technical advisory committee shall certify that courses meet industry standards.
