

Community Relations – Series 4000

Special Programs-Consultation – 4221

The School District will provide to parents of children served in certain special programs and other interested parties, including those same representatives from private schools, the opportunity to participate throughout the year in the design, implementation and evaluation of those programs including discussion of the program revenue and expenditures. Special programs include, but are not limited to, the Learning Assistance Program and any other program whether federal or state which is offered to students within the District and which requires consultation with parents or other interested persons.
