SWIMMING AND DIVING SAFETY GUIDELINES

This school strives to protect each student from possible injury while engaging in school activities. The guidelines and information identified below have been established for this activity in order to protect the student and others from injury and/or illness. Participants and their parents should recognize that conditioning, nutrition, proper techniques, safety procedures, and well-fitting equipment are important aspects of this training program. Each participant is expected to follow the directions/standards of the coach and must understand that failure to follow such directions or adhere to standards may place the participant at risk.

Travel to and from off-campus facilities shall be in accordance with the directions of the activity coach.

Guidelines are as follows:
1. Make certain that you wear all equipment that is issued by the coach. Advise the coach of any poorly-fitted or defective equipment.
2. Advise the coach if you are ill or have any prolonged symptoms of illness.
3. Advise the coach if you have been injured.
4. Engage in warm-up activities prior to strenuous participation.
5. Be alert for any physical hazards or hazards in the locker room or in or around the participation area. Advise coach of any hazard or concerns.
6. Know the location of rescue equipment in the pool area.
7. Never enter the water without the coach (or the designated lifeguard) in the pool area.
8. Check for clear water before swimming and diving; and when diving off the blocks, make it a shallow dive. Diving will be permitted only by divers who have been taught basic swimming and diving skills and are under the supervision of a coach.
9. Do not dive or enter the water head-first, in an area not so designated or in less than 5 feet of water at anytime.
10. Do not run while on the pool deck.
